

The Straad Pack

The four dogs ran past cottages, delicious baking smells and past cows in the field until they spotted St. Ninian's Point in the distance.

Bonnie and George had stopped to eat seaweed on the way, but Rosie soon noticed and encouraged them to leave it alone.

As they arrived at the Point, they realised that Woody was no longer with them. He had vanished! Where could he be? He had been jumping over puddles on the way.

Woody had actually jumped right into a puddle by mistake! What he didn't realise, was that it wasn't a puddle at all, but a very, very deep well...
