

29.01.21

English

For this assignment, you will need a copy of the letter from the witch (this can be the same one used throughout the week).

First, you will need to highlight all of the full stops in the text. How many can you find? From this, how many sentences did the witch write and how do you know this?

Next, you need to look at these sentences below:

The witch was not good The witch was bad

You need to practise writing these sentences, putting in full stops where they are needed.

I would then like you to think of two things you would like to tell the witch, write it out and separate them using full stops.

Once you have done this, please upload the work to the assignment on Teams called 'Literacy assignment 29.01.21'
