

Hello Year 2.

Tomorrow's English lesson will be live on Microsoft Teams. You will be sent a link from Mrs Lane to the email that you have provided. You will need to click the link to join the live lesson. You do not need to download the app and it should work on all electronic devices as long as you have internet access.

Mrs Lane will deliver the lesson and then set you the independent task for you to complete. Parents and carers are not allowed to ask questions or use the conversation options in the lesson. You need to make sure your device is on mute so that there are no unnecessary distractions.

English Live Lesson Please check e mail for link. Starts at 9am.

Today we will complete our plan for our letters. We will be using the plan template below. Please print if you are able. If you are unable to print don't worry we can still complete our plan.

Address	
Date	
Greeting	
Opening Sentence	
Main Points: What questions will you ask? How have you helped the animal so far? Write a command sentence you will use.	
Closing sentence	
Close	

Maths and Science will not be taught virtually. Please use the resources and links provided below.

Maths

We are learning about counting in 5s. Click on the link and watch the video in Year 2 Week 4 Count in 5s <https://whiterosemaths.com/homelearning/year-2/week-4/> .

Complete the activities in the video. When you have finished have a look at the worksheet below and have a go at completing it. If you haven't got a printer at home just write the numbers on a piece of paper for each question.

Shade in the multiples of 5.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

There are _____ fish in each tank.

There are _____ tanks.

There are _____ fish altogether.

There are _____ marbles in each jar.

There are _____ jars.

There are _____ marbles altogether.

Complete the number lines by counting in 5s.

Science

Hello ***Super Scientists!***

Welcome to day two!

I wonder how many things you managed to find around your home which are made out of plastic paper, wood, fabric, glass and metal?

- Today we are investigating the *suitability* of materials for a particular *purpose*.
- Find three objects which are made from different material(s) and have a good look at them, think about the answer to these questions:
 1. What is the object made out of?
 2. Is there more than one material? If so, why?
 3. Why do you think that material was chosen to make your object?
 4. What would happen if the object was made out of a different material?
- **Challenge:** Explain why a jumper is not made of wood. Can a car be made out of paper?

Here's a link to watch – <https://youtu.be/tAEQDu7juEg>
